Education

- **B.E. in Computer Science and Engineering - Data Science — CGPA: 8.57/10**
  Lokmanya Tilak College of Engineering, Navi Mumbai 2022-2026
  Sem VIII SGPA: 10.0/10.0
- **HSC Percentage: 87.67%**
  Bhaskaracharya Jr. College (Chate Jr. College), Aurangabad May 2022
- **SSC Percentage: 81%**
  Veer New Look Central School, Halol, Panchmahal May 2020

Skills

- **Programming & Databases:** Python, SQL, MySQL, PostgreSQL, MongoDB, SQL Server (SSMS)
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, TensorFlow/Keras
- **Machine Learning:** Regression, Decision Trees, Random Forest, AdaBoost, XGBoost, Clustering
- **Model Development:** Feature Engineering, Model Evaluation
- **Deep Learning:** Artificial Neural Networks (ANN), Convolutional Neural Networks (CNN), RNN
- **NLP:** Tokenization, Stemming, Lemmatization, Bag of Words (BoW), TF-IDF
- **Tools:** Power BI, Tableau, Microsoft Excel, Jupyter Notebook, VS Code

Internship Experience

- **HCLTech, Noida** (Remote) Jun 2025 - Jul 2025
  Designed and implemented a dynamic employee data management system with advanced filtering, grouping and real-time CRUD features using DevExpress GridView and SQL Server. Strengthened data handling, querying, and processing skills laying a strong foundation for real-world data analytics and decision-making workflows.
- **Sparks to Ideas, Ahmedabad** (Remote) Feb 2025 - Mar 2025
  Completed an AIML internship at Sparks To Ideas, where I built and evaluated machine learning models using real-world datasets and visualization tools like Pandas, Matplotlib and Seaborn. Gained end-to-end experience with supervised and unsupervised learning from data preprocessing to model deployment.

Projects

- **Prakriti.AI: A Global Recycling Intelligence System** Aug 2025 - May 2026
  Prakriti.AI is an AI-powered waste management platform that classifies 58+ waste categories using RepVGG and EfficientNet-B4 models, achieving accuracy of 89–93%. The platform integrates FastAPI, PostgreSQL and geolocation services to enable geo-tagged waste reporting, real-time monitoring and route optimization for efficient waste collection and data-driven governance.
- **Network Security Using ETL Pipelining** Jan 2025 - May 2025
  Developed a FastAPI-powered network security system with ML-based threat detection and adaptive monitoring through ETL pipelines. Achieved 98.5% accuracy in real-time anomaly classification using MongoDB-backed data flows and automated data processing workflows. Integrated continuous network traffic analysis and alert generation to improve threat detection and security monitoring efficiency.
- **Data Leakage Detection System Using Morse Code** Aug 2024 - Nov 2024
  Designed a non-invasive data leakage detection system using traceable fake records and Morse code-based authentication. Improved source traceability while reducing false positives without altering original datasets. Enabled accurate identification of leak sources, strengthening data security and accountability.
- **Movie Recommendation System** April 2023 - May 2023
  It is a system that seeks to predict or filter preferences according to the user's choices and it Developed an intuitive user interface that allows users to receive personalized movie recommendations in real time recommendations.

Certifications

- **Coursera:** SQL for Data Science
- **IBM:** Getting Started With Enterprise-Grade AI, Getting Started With Enterprise-Grade Data Science
- **SAP:** Programming in Python and AI, Emerging Technologies (ML, IoT, DL, CV and ABAP)
- **Udemy:** Data Analysis using (SQL, Tableau, PowerBI, Excel), Bootcamp on ML, DL and NLP
- **Talent Battle:** Training in Python Programming

Extracurricular Achievements

- **Code Unnati Innovation Marathon 2.0:** Finalist in the innovation marathon where the top 25 teams from India showcased their technical skills which was held in Ahmedabad.
- **Maharashtra State Innovation Council:** Selected at the regional level to showcase a technical project.
- **Model Business Summit 2024:** Winners in the fintech sectors representing ICICI Bank.
